ARRL Files Comments Against “Seriously Flawed” HF Rules Petition

[ARRL Files Comments Against “Seriously Flawed” HF Rules Petition](#)

08/02/2023

[ARRL The National Association for Amateur Radio®](#), as part of its mission to protect Amateur Radio, has [filed comments](#) against a proposal that would introduce high-power digital communications to the shortwave spectrum that in many instances is immediately adjacent to the Amateur HF bands.

The “Shortwave Modernization Coalition” (SMC), which represents certain high-frequency stock trading interests, filed [the petition](#) with the Federal Communications Commission (FCC). **(Previous coverage can be found on [ARRL News](#).)** ARRL responded on behalf of its members and the 760,000 licensees of the Amateur Radio Service in the US.
