ON THE NEWS FRONT

NEW WEDNESDAY NIGHT MEETING TIME!

Starting November 1st, Wednesday night SLATS meeting will be changed back to 19 hundred hours (Winter Time schedule) This is the same time we go back to Daylight Savings Time.

Eclipses do odd things to radio waves. An army of amateur broadcasters wants to find out why

[Eclipses do odd things to radio waves. An army of amateur broadcasters wants to find out why - BBC Future](#)

[Current Exhibits | National Capital Radio & Television Museum \(nrcrtv.org\)](http://nrcrtv.org)

The National Capital Radio & Television Museum is filled with many exhibits that will take you on the journey from the early beginnings of broadcast to present day. We hope to see you at the museum one day soon to explore the history of broadcast

US
Brief Description of item:
Icom ID-1 Data, D-Star and FM radio 1200 MHz Digital Transceiver
Details, price, condition, etc.
The ID-1 capabilities may be found on numerous websites. This one was never mobile. Cosmetically perfect. I did use it to actually "surf the web" (slow by today's standards, but it worked) as it has great data capabilities and of course still D-Star compatible. A thousand plus dollar radio new and now a collector's item, the price is \$350. With mic, manual, cables, and mobile bracket (which is the best one Icom ever made!) allowing you to slip the radio in/out with no tools. Reason for selling: I now have an Icom 9700.

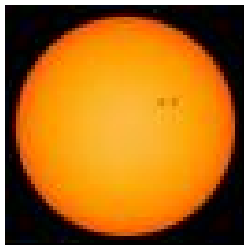

ICOM IC-7000 with LDG-7000 AUTO TUNER
