Happy New Year !!

Good Luck Kid !!

Call for change in BW and Symbols

ARRL calls for the removal of bandwidth limits and symbol rate limits from FCC regulations. This includes 6m and above.

“Symbol Rate and Bandwidth Limits Both Should be Deleted”. Given the limited propagation range and history of voluntary cooperation on the subject bands, both LF and VHF/Uhf, maintaining the symbol (baud) rate and bandwidth limits would continue to encumber Amateur experimentation with new modes and techniques with out offering countervailing benefits.”

This is a “big deal” for amateur experimentation. Approved this will open up much wider BWs and faster data rates available for transfer of data on our bands.

I invite you to read it over.

See all the ARRL’s comments here: <https://www.fcc.gov/ecfs/document/10109180409437/1>

SLATS at Winter fest scaled down this year

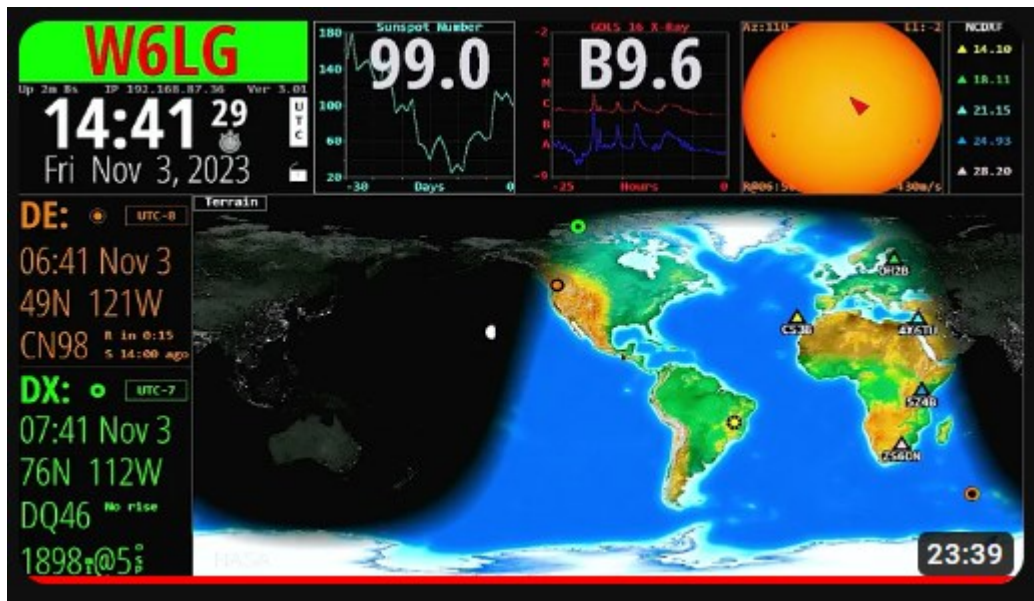

Plans have changed this year for our club’s appearance a Winterfest Saturday January 27th. However I plan to have a small set up of ATV on one table shard with Herschel Hall, **WAØKIA**, so please come by and see us there.
